#### **Will there be interviewing at the virtual event?**

Yes, corporate partners will conduct on-site interviewing (by chat and video conference).

Corporate Partners will post job and pre-screen résumés for interviews this summer. Employers will not be able to find you to offer pre-scheduled interviews. You will still be able to upload your résumé on the event day for consideration, but you will not have interviews set up in advance and will have to rely on whatever chats/interviews you can secure on the fly during the event days.
